

THE AMERICAN HOSPITAL
OF PARIS FOUNDATION'S

2022

BENEFIT DINNER
AHP'S CAPITAL CAMPAIGN

THURSDAY, NOVEMBER 3, 2022
THE METROPOLITAN CLUB, NEW YORK CITY

MESSAGE FROM THE AMERICAN HOSPITAL OF PARIS FOUNDATION LEADERSHIP

Dear Friends:

Bienvenue! We are delighted that you are able to join us on this special evening.

We welcome you here tonight to celebrate the exceptional American Hospital of Paris and all of you who have contributed to the success of the Hospital's Capital Campaign.

Since 1976, the American Hospital of Paris Foundation has been the vital link between the United States and The American Hospital of Paris. From the day it was founded in 1906, the Hospital has brought together the American and international communities in an extraordinary way.

It is important to note that The American Hospital of Paris is not subsidized by either the French or American governments and relies solely on patient revenues and contributions for its operations. That is why your generous support is so deeply appreciated by all of us connected with the Hospital. Your invaluable participation allows us to continue to provide significant philanthropic support in order to improve the technology and facilities that maintain and enhance the quality of medical and patient care.

So, we say to you, our allies, "Merci," for all you are doing to assist in our efforts that strengthen the meeting ground for European and U.S. medical science and excellence – The American Hospital of Paris!

Have a wonderful evening!

MESSAGE FROM THE AMERICAN HOSPITAL OF PARIS LEADERSHIP

Dear Friends of the American Hospital of Paris Foundation,

Today marks the beginning of a new era as we launch the American Hospital of Paris' Capital Campaign, which is entirely dedicated to medical excellence.

We welcome you all here this evening to become part of Le Nouvel Américain. It is here and now that the future, our future, begins.

The American Hospital of Paris' mission to bring together the best in French and American medicine is something we take to heart.

In the coming years, the American Hospital of Paris plans to invest an unprecedented 150 million euros in projects dedicated to medical excellence and the completion of the Hospital's architectural transformation.

Building the future American Hospital of Paris and becoming one of the best Hospitals in Europe requires the commitment of our donors like you.

On behalf of our entire team, thank you for joining us to support the most ambitious project in the history of the American Hospital of Paris.

S. Roussel

American Hospital of Paris

THE AMERICAN HOSPITAL OF PARIS

Since it was founded in 1906, the American Hospital of Paris has remained committed to providing the best medical care and patient experience possible. The American Hospital of Paris is the only hospital in the world to have dual accreditation from France's Haute Autorité de Santé and the U.S. Joint Commission, providing the highest standards of safety and quality of care to its patients.

As a private, not-for-profit organization, the American Hospital of Paris receives no subsidies from the French or American governments, relying on revenues from operations and on the generosity of patients, donors and patrons in order to continue its mission of bringing together the best in French and American medicine. For the 4th consecutive year, the American Hospital of Paris is France's top-ranking health care institution in terms of patient satisfaction, according to the Haute Autorité de Santé.

LE NOUVEL AMÉRICAIN – THE AMERICAN HOSPITAL OF PARIS' CAPITAL CAMPAIGN

Today, the American Hospital of Paris is proudly launching its most ambitious Capital Campaign ever, with a goal of raising €100M by the end of 2023, in order to build the American Hospital of Paris of tomorrow. With the construction of a brand-new building dedicated to the medicine of the future and the complete modernization of its existing infrastructure, the American Hospital of Paris is undergoing an unprecedented architectural transformation, which will expand the surface of the Hospital by more than one third and deliver incomparable patient experience.

Please join the hundreds of American and French patrons who have already supported Le Nouvel Américain campaign, helping gather over €80M, and support the most

transformational project in the history of the Hospital since World War Two.

THE AMERICAN HOSPITAL OF PARIS FOUNDATION

The American Hospital of Paris Foundation, founded in 1976, aims to raise funds for and awareness of the Hospital in the U.S. It is thanks to the generosity of donors that the Hospital can continue providing the superior quality care for which it is known.
